## SUMMARY

Frontend Developer with 1.8 years of experience specializing in building user-centric web applications using React.js, Redux, and modern UI frameworks. Proven ability to enhance user engagement, improve workflows, and deliver high-quality solutions on time. Skilled in developing responsive, performant, and intuitive interfaces, focusing on delivering seamless user experiences.

## EDUCATION

<b>Masai School</b> <i>Full-Stack Web Development Program, MERN</i>	Bangalore, India Apr. 2022 – Dec 2022
<b>Rajasthan Technical University</b> <i>Bachelor of Technology in Computer Science</i>	Kota, India May. 2015 – May 2019

## EXPERIENCE

<b>Frontend Developer</b> <i>Fabits (Shareway Securities Pvt. Ltd.)</i>	May 2024 – Present Bangalore, India
<ul style="list-style-type: none"><li>Directed a team of 2 developers to design and launch an intuitive investment platform, resulting in a 20% boost in user engagement and conversion rates.</li><li>Revamped the platform's UI, improving workflows and enhancing user experience by using React and Capacitor.js. Integrated biometric authentication to ensure robust security.</li><li>Successfully launched a mutual fund investing solution within tight deadlines, delivering seamless onboarding and comprehensive functionality.</li><li>Improved platform efficiency and accessibility, contributing to increased user satisfaction and higher adoption rates.</li></ul>	
<b>Full Stack Developer</b> <i>Masai School</i>	Feb. 2023 – Feb. 2024 Bangalore, India
<ul style="list-style-type: none"><li>Designed and implemented 250+ MERN stack mini projects and applications for a competitive programming platform, integrating end-to-end testing with Cypress and React Testing Library (RTL), reducing manual solution verification by 90% and lowering operational costs.</li><li>Enhanced API testing processes by automating workflows using Cypress and Jest, improving efficiency by 40% and ensuring platform stability.</li><li>Developed 50+ tailored interview assessment guides and 450+ interview preparation problems, significantly enhancing candidate readiness and driving higher platform engagement.</li></ul>	

## PROJECTS

<b>Fabits</b>   <i>JavaScript, React, Recoil, AWS, Tailwind, shadcn/ui, Material-UI</i>	May 2024 – Present
<ul style="list-style-type: none"><li>Designed and developed a modern, responsive investment platform with enhanced user engagement through intuitive UI patterns.</li><li>Implemented secure authentication and authorization mechanisms to ensure user data integrity and safe access.</li><li>Leveraged Tailwind CSS, Material-UI, and shadcn/ui to build visually appealing, mobile-first interfaces and optimize performance.</li></ul>	
<b>Namaste Nola Hotel (Freelance Project)</b>   <i>JavaScript, React, Next.js, Tailwind CSS</i>	Feb 2024 – Apr 2024
<ul style="list-style-type: none"><li>Developed a fully functional restaurant website with a modern UI, leveraging Next.js for server-side rendering and performance optimization.</li><li>Used Tailwind CSS to build responsive, efficient designs, ensuring an excellent user experience across devices and improving SEO.</li></ul>
